HIPAA Group Training

HIPAA Training Process

We will do everything possible to make the process easy for the Privacy Officer responsible for HIPAA training.
Once you determine which staff members require HIPAA Training, please follow these steps:

Prepare a List of Participants

Include:

First Name
Last Name
Email Address

Send the List to Us

This information will be used for registration and to provide participants with instructions.

We will take care of the rest:

- We will monitor the progress of training and keep the Privacy Officer informed.
- A report of those completing can be sent as often as you like, additionally we will send you a summary of training and certificates once a week.
- Reminders will be sent to staff to encourage completion.
- The training lasts approximately 1.5 hrs. but can be broken up into sections. Staff may return to complete when they wish.
- The portal remains open for training for 90 days.
- Every staff member who finishes receives a certificate of completion.
- A certificate of completion will also be given to the Privacy Officer for their records.
- Upon completion of training, HIPAA Associates furnishes a summary for the Company's records.

Every Wednesday you receive a report on progress and a copy of certificates of training.

We will bill you once a month for services provided.
